

Leonberger Health Foundation International

Statement of Support:

Leogen Initiative

22nd of April, 2022

Dear Sir or Madam,

I am pleased to submit the following statement of support for the Leogen Initiative, on behalf of the Leonberger Health Foundation International.

The Leonberger Health Foundation International is an independent charitable foundation whose mission is to improve the life, health, and longevity of the Leonberger. We recognize the threat of diminishing genetic diversity within our breed and are pleased to see that a potential solution to this problem will be addressed by the Leogen initiative.

Sincerely,

D'Nae Wilson
